## Problem

Overcoming Obstacles Curriculum has curricula for all grade levels. Use real-life problems in explanations, examples, and exams.

## Problem solving skills

They are ideal for use with people with a variety of diagnoses or issues, who are either preparing to live more independently, or who are having difficulty living independently. These visuals can be utilized to help a child recall and implement each step in an orderly manner for optimal success.

## Daily Living Skills

Principles for Teaching Problem Solving. This page provided you with some of the most effective problem-solving.

## Problem

Topics included are: public bathrooms, showering, deodorant, brushing teeth, getting dressed, private parts, nutrition, drinking water, sleep, exercise, colds + germs, washing hands. Students should also feel comfortable letting a problem rest for a while and returning to it later. To help our children understand math concepts, they need more than worksheets and a list of facts to solve.
