Диссертация на тему «Австрийские земли в X

Glocken Die Glocken bilden nach den Grabmälern die zweitgrößte Gruppe der Inschriftenträger im Kreisgebiet, von 49 sind die Inschriften im Wortlaut nachgewiesen, immerhin 30 davon sind noch erhalten. Some of this literature was, admittedly, based on oral sources, but the sagas were composed though the collection of diverse pieces, which were altered and arranged to fit the narrative of a unified literary work by individual artists — or the persons who recorded the stories for the first time. Thus this curious procession showed both the possibilities and the limits of the emancipation process.
