Liberatos P, Link B, Kelsey J. The architecture of South-East Asia through travellers' eyes.

Dickinson Electronic Archives: Bibliography

The controversy — and the reason for its futile aspect — suggest an approach to the present study. Clearly, if HIV is present among IV drug users in a community, then it becomes critically important to reduce the number of new persons who might start injecting drugs, for it is during the initial period of use that individuals are most likely to share injection equipment see the discussion on the progression of drug use in Chapter 31.

Alcohol, the individual and society: what history teaches us

One important factor that must be considered in planning further interventions for minority subpopulations is the diversity of these groups.

Feminist Manifestos: A Global Documentary Reader on JSTOR

The rates in this study are much higher than those found in other samples of convenience McKusick et al. The Journal of Educational Sociology.
