Sir Arthur John Evans and the excavation in Knossos

However, we will consider the beginning of his formal career to be after he graduated from the University of Oxford. Fossile Jäger Sir Arthur Evans und Eugene Dubois Visuelle Fotos Grabe in Knossos Katholische Erziehung Über Sir Arthur Sir Arthur war der Sohn von Sir John Evans, einem bedeutenden Numismatiker Münzexperten , prähistorischen Archäologen und erfolgreichen Geschäftsmann. In addition to the pioneering excavation work of the palace area the more significant discoveries of Evans relate to the 3.

Arthur Evans (Evans, Arthur, Sir, 1851

Evans hoped to decipher this as well as the other forms, the and the pictorial. Evans's findings, supplemented by the work of other archeologists, showed that Minoan culture was to a certain degree a formative cause in the Mycenaean culture of mainland Greece.

The palace of Minos : a comparative account of the successive stages of the early Cretan civilization as illustrated by the discoveries at Knossos : Evans, Arthur, Sir, 1851

Evans received many honours for his discoveries and was knighted in 1911. After a celebration they took up residence in a Venetian villa Evans had purchased in Ragusa, Casa San Lazzaro, on the bluffs overlooking the Adriatic. Linear A is still undeciphered.

Ashmolean Museum: British Archaeology Collections

He unearthed many samples of two pictographic scripts named Linear A and Linear B, which he was unable to decipher. Knossos : impression, date and artist unknown — by courtesy of Katherine Bolman, Arthistoryworlds. These ancient myths, if not wholly reliable, could be corroborated with newly found physical evidence to offer an additional dimension of understanding and contextual insight into the history and society of the Greeks.

Notable Abodes

It is this tension that attracted Arthur's interest due to the well-known site of Knossos being located there.

Arthur Evans (July 8, 1851 — July 11, 1941), English archeologist

How do archaeologists and artists recover long-silent civilizations and make them meaningful for us today? Arthur had made himself familiar with these. Many officials of that empire had been Greek. It had been built around 2000 b.

SIR ARTHUR EVANS

Archaeology Career Arthur Evans archaeological career had no concrete beginning or end. When he was 70 they had a daughter, , who would become an art historian. Though Evans was one of the pioneers of scientific excavation, his preservation methods remain controversial.
