## Wittgenstein: Reality is Shaped by the Words we Use

It was only in 1929 that he returned to Cambridge to resume his philosophical vocation, after having been exposed to discussions on the philosophy of mathematics and science with members of the Vienna Circle, whose conception of logical empiricism was indebted to his *Tractatus* account of logic as tautologous, and his philosophy as concerned with logical syntax. The book examines the finer details of his arguments while also clarifying their importance for debates outside the field of Wittgenstein studies. In more recent scholarship, this division has been questioned: some interpreters have claimed a unity between all stages of his thought, while others talk of a more nuanced division, adding stages such as the middle Wittgenstein and the third Wittgenstein.

## Ludwig Wittgenstein (Stanford Encyclopedia of Philosophy)

The archive gives the date as circa 1901, but wrongly calls it the Realschule in Leonding, near Linz. The answer was: if everything can be made out to accord with the rule, then it can also be made out to conflict with it.

## BBC Radio 4

He wrote in November 1911 that he had at first thought Wittgenstein might be a crank, but soon decided he was a genius: Some of his early views made the decision difficult.

## Self-Knowledge: The Wittgensteinian Legacy

The most important contribution de Valera made to mathematics both in Ireland and internationally was the foundation of the Dublin Institute for Advanced Studies DIAS in 1940.

## Wittgenstein and the Philosophy of Language: The Legacy of the Philosophical Investigations

It was around this time he received a letter from David Pinsent's mother to say that Pinsent had been killed in a plane crash on 8 May.

ANTHONY KENNY, *The Legacy of Wittgenstein.*, Metaphilosophy

The chapter reviews Wittgenstein's opposition to the Cartesian conception in philosophical investigations and raises the question: With what did he think it should be replaced? It was reported at the time that he had sought advice from the , an organization that was campaigning against of the German Criminal Code, which prohibited homosexual sex.

### **Was Wittgenstein Right?**

Four are studies of Wittgenstein's philosophy, three are investigations of the traditional philosophical problems of intentionality, the first person, and names and indirect speech, and the final three are critical studies of Teilhard de Chardin, R. During these first years in Cambridge his conception of philosophy and its problems underwent dramatic changes that are recorded in several volumes of conversations, lecture notes, and letters e.
