Aspects of Shī'ī modernism

Please consult a staff member in the Middle East Department office, JRL 560, for access and further information. In this fashion, the original arguments and errors of Iblīs manifest themselves in sectarian movements. Further examination of Abū Tammām's and al-Shahrastānī's introductions reveal the shared inheritance and manipulation of earlier Isma'īlī philosophical and cosmological systems.

Ḥuqūq

For al-Shahrastānī, the key to unlocking the mystery of Satan's seven arguments and their manifestation in human history lies in the mathematical principles that he proposes in the introduction to K. So, O believers, fear them not and always fear Me alone. Missing issues: dawrah- 'i 5, shumārah- 'i 4-10, 15-19, 21, 34, 38, 43-44, 50-51, 71; dawrah- 'i 6, shumārah- 'i 3, 7, 10, 17, 31, 36, 40-41, 44-49, 59, 64-75.

Satan's Seven Specious Arguments: al

But whoever is forced by severe hunger with no inclination to sin - then indeed, Allah is Forgiving and Merciful Forbidden to you is that which is already dead, and the blood, and the meat of pig, and what was sacrificed to other than God, and that which has been strangled, and that which has been beaten to death, and that which has fallen from a height, and that which has been gored, and that which the wild animals have eaten from except what you managed to rescue, and what has been slaughtered on alters, and what you divide by the arrows of chance. The text below should include diacritics. If such marks were used in dividing the manuscript, they would provide a blueprint to how al-Shahrastānī mapped sectarian deviance.

Treatise On Rights (Risalat al

For al-Shahrastānī, Satan's specious arguments arise and perpetuate themselves among human beings, much in the way that a planted seed gives rise to a plant.
