16th century : the rise of the writing master

Cresci's writing manual was reprinted seven times before 1601. Das erste Schreibmeisterbuch La Operina , dem zahlreiche Anleitungen von anderen italienischen und spanischen Kalligrafen folgten, stammte von 1475—1527 , genannt Vicentino, der seit 1513 in der päpstlichen Kanzlei als scrittore de brevi apostolici päpstlicher tätig war.

The Italian Hand

Cresci a pesar de haber abandonado Roma continuó siendo una referencia y un maestro para otros escribanos de la Capilla Sixtina como Luca Orfei.

Francesco Torniello

Paolo, indirizzate ai cristiani di Tessalonica, e contenute nel Nuovo Testamento. It also displays some examples of big flourished decorations, made possible by the new printing technique. Su segunda obra: Il perfetto scrittore, apareció diez años después y también fue impreso en Roma.
