The relevancy can be affected by the exactness of word matches, by their frequency, by how similar the words in the record are to words in the search term, how close together they are, what fields they appear in, and a variety of other factors it is possible to bring to bear on the scoring algorithm.

**Shakespeare As Spoken: A Collation of 5000 Acting Editions and Promptbooks of Shakespeare, Volume 2: Measure for Measure; The Comedy of Errors; Much Ado About Nothing; Love's Labours Lost by Halstead, William P.: Good Hardcover (1979)**

The sample is large and detailed enough to need methodized access, a challenge met by technology. This play is rich in contemporary echoes, as well as being an evocation of a nightmare world where privacy was unknown and where lives were all but destroyed by cruel circumstance. Almost perfect condition, though corners worn.

**that's not Othello, V.ii in Performance, 1760**

These benefits of self-examination and change will contribute to emotional, physical, and financial success. National Museums Scotland has located in Edinburgh offering collections and services to support the research and learning needs of Museum staff, visitors, and the wider external research community. EM: Ah, now will it get a laugh? Is there anything in other parts of the play which indicates that Hamlet had not yet reached such an age? Boosting Boosting allows us to modify scores; so we give matches on a particular search index field more weight than others.

**Shakespeare**

Shattuck had anticipated a swelling of the records, but not the outburst which has happened. . Twelve leading contemporary directors answer these questions in interviews in this book and shed light on what Shakespeare means to them and to their audiences.
