### The best Irish legends and myths to tell your kids

Once upon a time, when Fuen-Vic-Couil was young, he fell into the hands of a giant, and was compelled to serve him for seven years, during which time the giant was fishing for the salmon which had this property — that whoever ate the first bit of it he would obtain the gift of prophecy; and during the seven years the only nourishment which the giant could take was after this manner: a sheaf of oats was placed to windward of him, and he held a needle before his mouth, and lived on the nourishment that was blown from the sheaf of corn through the eye of the needle. One of the most fascinating things about Irish fairies is that they can take any form but most often appear as humans. A preservation society maintains a railway museum at Moyasta Junction station, and successfully re-opened a section of the railway as a passenger-carrying heritage line with diesel traction in the 1990s, and with steam motive power from 2009.

## **Clare Folklore**

The Gobawn, after some entreaty, returned with the messengers, and he and his son soon built a palace such as no king had hitherto possessed. Photo: Legend of the Castle of Ballyportree About two miles from the village of Corofin, in the west of Clare, are the ruins of the Castle of Ballyportree, consisting of a massive square tower surrounded by a wall, at the corners of which are smaller round towers : the outer wall was also surrounded by a ditch.
