Together, these features mean that the touchless closed system catheters help greatly reduce the chances of a Urinary Tract Infection UTI. We combine our products, logistics and team to create a trusted source for chemicals and colorants. This means that most trauma or discomfort caused by the catheter on the urethra is minimized.

Builders FirstSource 101 Lumber Ln Seneca, SC Building Materials

External catheters are worn like a condom. We take pride in delivering premium solutions backed by outstanding customer service. The organic pigments are available in quantities ranging from 15 kilo bags to bulk bag sizes.

FirstSource II Metrics

Make us your First Source today! Organic Pigment Colorants First Source Worldwide sources high quality Sorament organic pigments direct from trusted manufacturers. Any commercially available IT product may be made available through these contracts.

Clearance Archives

We are committed to bringing high quality products and services and providing the DHS with exceptional customer service. There are several sizes and options to affix the external condom catheter.

Organic Pigment Colorants

Condom catheters are intended for a single time use with normal wear time of 24 hours wear time will vary for each individual user.

Builders FirstSource 101 Lumber Ln Seneca, SC Building Materials

For this reason products provided under this contract must contain industry-standard ports and interfaces for network connectivity, printing, communications, device control, etc.
