Our Projects

The issues are explained, in case you missed out on the 1940 to 1980 time period, as I did. This is a great telling of the founding and development of Greenpeace. Unrealistic Energy Agenda Greenpeace believes that the only energy sources we should include in our energy portfolio are renewable resources such as wind and solar.

Splits into more radical groups, pro-nuclear power defenders and others, to today's anti-GMOs stance by Greenpeace itself, as well as some of those spinoffs, are interesting at best, troubling at worst. The pace never dropped into a boggy, dry account but integrated the adventure of being on board a ship chasing whalers with the political history of the group.

Our Projects

Usually the protests involved actions designed to highlight an issue in a dramatic or humorous way, such as dumping marbles in the Dept. Greenpeace: The Inside Story is the first comprehensive eye-witness account of the human drama behind the creation of the world's largest direct-action environmental group. Most of these fires happened outside official forest lands, A new analysis from Greenpeace USA finds that the three companies proposing to build tar sands pipelines have a legacy of pipeline spills, and that tar sands pipelines pose a threat to water resources.

The origins of Greenpeace

I tried to read parts of this trash-book on an internet site. Such a judgment sets a dangerous precedent giving Greenpeace carte blanche to continue its illegal and destructive fear-peddling.

The origins of Greenpeace

The oceans are vital to human health as well, providing jobs, enjoyment and food to billions of people.

Global Mapping Hub by Greenpeace

William Willoya and Vinson Brown, Warriors of the Rainbow: Strange and Prophetic Dreams of the Indians, Naturegraph Publishers, 1963. Only 6% of Revenue to Field Operations, 60% to Salaries Undercover reporting by a French journalist under the pen name Olivier Vermont uncovered when secretly working at Greenpeace.
