**Drugs in Adolescent Worlds: Burnouts to Straights.** By Barry Glassner and Julia Loughlin. St. Martin's Press. 301 pp. \$35.00

This book provides a new perspective, which is sociological rather than epidemiological, understanding patterns of drug taking in the context of ordinary social interaction. Drug use by adolescents is usually viewed as the result of personal vulnerability to peer pressures and drug pushers. The guide, , provides helpful information for pediatricians to implement substance use screening and brief counseling in their practices.
