### Christians and cannibalism

And we greet one another and bless one another with a holy kiss, not out of lust but out of genuine love and concern for one another.

### Cannibalism Part 1

In 1964 there had been a lot of hooah after some academics claimed the population of America would hit 400,000,000 by 2016. I think my ideas about plastic are right: handle 10,000 pieces of plastic and you feel flat and dead.

But of course his move away from the novel is open to a very different interpretation. In the Eucharist, after the priest consecrates the bread and wine and they are, in fact, transubstantiated into the body, blood, soul and divinity of our Lord, our Lord is then entirely present. His response to life is increasingly theatrical.
