Prospective buyers should inspect each lot to satisfy themselves as to condition and must understand that any statement made by Sotheby's is merely a subjective, qualified opinion. There is some light wear along the right edge of the painting.

CHAO CHUN

A record was set for Chinese artist Chen Danqing b.

Chao Chung

When East meets West in his paintings, we discover a unique style of art, in which traditional Chinese painting techniques are combined with the Western concepts of abstraction and spontaneity. Another record was claimed for Arpita Singh b. What a delight, to indulge occasionally, in this hefty journey of life.

Bonhams : Chao Chung

With dynamic and spontaneous brushstrokes, thick and wild use of paint, this work encapsulates all the characteristics of Abstract Expressionism and is probably one of the artist's best works from this time. In contrast, he would be delighted when major art museums showed interest in his work. Cosmic Force Lot 528 is an example of such work.
