Hamilton Thompson with appeal and papers concerning same, 1935-38.

The bi

In 1917, with the entry of the United States into the World War and the consequent restriction of building, construction showed 43 points below population demand. The effort culminated in the demolition of GSW, the 1974 opening of DFW , the closure of Love Field to certified air carriers, and a corresponding effort to redevelop Love to be used primarily for.
