## **Online customer reviews driving changes in hotels sector**

However, the industry is capital intensive, and for a large-scale entrance, upfront investment in buildings, décor and furnishings, ICT infrastructure and staff is expensive. However considering the less threat of substitutes and low power of suppliers over the industry, the hotel industry has very few hindrance in successful market growth. But we are sleepwalking into a disaster, and come the beginning of April when the tourism season starts, things might turn desperate very quickly.

Ashford Castle is part of an elite group of luxury hotels around the world that have earned this coveted Five-Star Forbes Travel Guide FTG ranking. Themed restaurants have grown multiple folds like the wave of luxury underwater restaurants.

## **Irish Hotels Federation**

And the business growth required is greater than the rate at which the business is growing.

## **Review of the Irish Hospitality Industry**

Profitability in the capital too increased at a lower rate when compared with other regions.

## **Crowe releases 2018 Irish Hotel Industry Survey**

Even if maternity leave is not part of the agreement between employer and employee, or an agreement is made not to apply the particular law, the employee still has their statutory right to maternity leave. Regulations in terms of real estate and buying abroad need to be taken into consideration and can therefore be restrictive in some countries.

In the pre-Brexit research almost three-quarters of hospitality and leisure businesses in Ireland were tipping increases in their revenue over the next

year and a half. At the time of writing, over 40 hotels and up to 2,000 beds have been made available. Franchisees pay fees in the form of an initial fee plus a royalty.

### **Hospitality and Tourism Sector Domestic Market Review**

Certain employee rights are recognised by the state which supersede any agreements between employer and employee.
