Worcester's fight for a railway and its consequences for the urban, commercial and industrial development of the city in the early Victorian period.

Worcestershire Historical Society Occasional Papers: Whitehead D: Urban Renewal and Suburban Growth. The history of automobilization, suburbanization, white flight and crumbling cities is too complex to explain fully in a blog post.

Brooklyn Oral History

Three percent wants to move out of the region of Amsterdam 2276. In the railway commercial and tourism areas, the track of the tram shares the right of way with the urban carriageway.

Reuse of Abandoned Railways Leads to Urban Regeneration: A Tale from a Rust Track to a Green Corridor in Zhangjiakou

Further, flourishing communities are the foundation of a healthy society.

Reuse of Abandoned Railways Leads to Urban Regeneration: A Tale from a Rust Track to a Green Corridor in Zhangjiakou

Worcester was just one city that became a casualty in this larger national shift. The preference for moving to the region in 2013—2017 is lower: 10% 698 out of 7020 respondents. Felt that medieval city plans were ideal and that modern cities are too much like Roman garrison towns.

Secondly, not only the track is abandoned, but also the old station and factories are idle.

Greater housing supply

Today, Levittown, New York does not demonstrate any unique advantages or disadvantages of suburban communities. This paper suggests conversion of the railway into an urban tram to meet the increasing commuter flow between the old and new city center.
