Individual Soul, World Soul and the Form of the Good in Plato's Republic and Timaeus

Both are essential for the comprehension of either. The role of social life is clarified when we consider the process by which they develop in the life of the individual. Since Timaeus does not mention the components of the souls of the gods, we could conclude that they are elements similar to the six components of the World-Soul, but of inferior quality.

Philosophy as a World

The world and the individual: Royce, Josiah: 9781178440362: spaceneb.us.to: Books

This was the very Truth for their age, for their world; the species next in order, so to speak, and which was already formed in the womb of time. § 25 The first remark we have to make, and which - though already presented more than once — cannot be too often repeated when the occasion seems to call for it, — is that what we call the principle, aim, destiny, or the nature and idea of Spirit, is something merely general and abstract.

The Individual in a Social World: Essays and Experiments: Milgram, Stanley, Blass, Thomas: 9781905177127: spaceneb.us.to: Books

Individual also satisfy his sex needs in a socially accepted way in a society. The concept of world-view, which was first encountered among the Greek sceptics, is substantially broader in meaning than the concept of philosophy, moreover it has several different meanings.
