He considers the implications of the findings for education policy, examining some of the ways in which schools and colleges can promote faith cohesion, and further addresses the issue of faith leadership, considering how the changing faith landscape affects the work of Christian and Muslim clerics. It argued that there should be no leeway to permit racism to flourish; but race was not culture, and cultural difference could only be allowed to stretch so far. *The Spirit of the North: An Interfaith Initiative for Young Adults*; 5.

Table A1 provides an overview of the central characteristics of the 11 grade-level networks. While our study identified certain patterns in a specific context, future studies should examine what religion means to youth, what they believe, and, especially, how the content of these beliefs and religious norms affect their preferences for friends of the same as well as of other religious groups. Contrary to our theoretical expectations, however, in neither of the two groups was this religious homophily more pronounced for highly than for less religious youth.

Dynamics of gender justice, conflict and social cohesion: Analysing educational reforms in Pakistan

Liberal multiculturalists are enamoured of the concept of natural assimilation of minorities into the mainstream over time, and their inter-generational shedding of core values of the parental community, and replacement with the wider values of the national discourses. To test Hypothesis 1, we thus apply the same logic to assess religious homophily among Christian and Muslim youth. The temporal context of the essay lies with what is taking place today; or in the recent past.
