So is Tesla: Man Out of Time worth reading? Or the rovers been guided from Earth to Mars to land in the precise areas designated by our scientists? On social issues he may find our world hard to accept as he held anti-Semitic views and was sympathetic to fascism, which was rather disappointing to learn. Like his competitor Thomas Edison, Tesla was one of America's first celebrity scientists, enjoying the company of New York high society and dazzling the likes of Mark Twain with his electrical demonstrations.

Tesla, Man Out of Time Summary & Study Guide

Publishers Weekly Well documented, sympathetic, and engaging. After a dispute over money, they part ways.

Smiljan is set in one of the most picturesque and unspoiled parts of Croatia, where rolling green hills alternate with semi-barren rocky plains.

Tesla, Man Out of Time Summary & Study Guide

From Tesla's childhood in Yugoslavia to his death in New York in the 1940s, Cheney paints a compelling human portrait and chronicles a lifetime of discoveries that radically altered -- and continue to alter -- the world in which we live.

Nikola Tesla

He worked virtually alone, with one or two trusted assistants who remained his lifelong friends. Just remember when reading this book that it was written in the 1980s'.
