## The top KPIs for different functional managers including marketing or sales

Skills in technology and marketing are vital for this role.

## What Makes a Good Marketing Manager?

Market Research Analyst For those with an interest in researching sales trends and consumer behavior, a career in market research analysis could be the right fit. This is because your content specialists and other team members may be preoccupied elsewhere, forcing you to grapple with change alone. In many cases, sales, which can include anything from lead breakdown to customer location, is a reflection of marketing efforts.
