ZAPU and ZANU violently opposed one another and soon gang warfare broke out between their rival memberships.

Transition Integrity Project

Opposition to President Mugabe and the ZANU-PF government grew considerably after the mid-1990s in part due to worsening economic and human rights conditions brought about by the seizure of farmland owned by white farmers and economic sanctions imposed by countries in response. Especially since they have also borne the most traumatic consequences of climate change, a phenomenon for which they were least responsible and least equipped to withstand. The crisis was not wholly inevitable.

Brian Kagoro

There is every reason to believe that the next stage of the techno-financial revolution will be even more disastrous for national political authority. Now they are the primary gatekeepers of social reality: membership of these systems is a new, corporate, de-territorialised form of citizenship, antagonistic at every level to the national kind.
