Rationality and Community: Swift's Criticism of the Houyhnhnms on JSTOR

It retains the information and takes advantage of some of the features of the new medium. The only two possessions which Gulliver retains during his stay on Lilliput are his glasses and telescope, yet these items neither alleviate his selective blindness, nor grant him a broader perspective on his hosts. This is roasting a subject with a vengeance.

The Houyhnhnms

Many western countries today enforce policies that reek of cultural superiority. I wanted Johnson's words only and without further deliberation excised Mrs. Would providing the original paging in the online version of Thackeray have similar advantages for researchers? There were just a few significant questions remaining: How should I link the text to the notes? What they do — and what they say and think — is akin to human nature, but the character of the Houyhnhnms is far from Gulliver's.

Gulliver Disillusioned: Is Multiculturalism Dead in the Twenty

Presumably, the reader is meant to see one of the notes now appearing on the screen, perhaps the top one, but how can one be sure? If the notes are an editor's hand, I'd prefer to exclude it. Not one of these but melts at the thoughts of childhood, fondles and caresses it. Thackeray's notes are so substantial, I wanted the two parts together in a single file, reducing the chance that the essay could become unlinked from the commentary.

Introduction

Also, the item isn't unique. Removing them, in this case, was not a valid option.

There was just one graphic, a portrait of Swift, which I scanned and inserted at the head of the document. Nevertheless, unlike Swift, the reader has reason to feel optimistic in light of the small successes that countries such as Canada have experienced in promoting multiculturalism.
