The theory and practice of public

PUBLIC SECTOR ECONOMICS provides a comprehensive, wide-ranging treatment of the subject, dealing with theory, policy and practice with the broad context of political economy and gives a more general integration of them than is found in most other texts. Pages are intact and not marred by notes or highlighting.

Public Sector Economics: Theory, Policy, Practice

It recognises that students invariably study other subjects simultaneously with economics and so attempts to provide more of a multi-disciplinary approach than is usually the case.
