Food Science

Instead, try snacking on it! Some animals play both roles, eating both plants and animals. Plus, lots of mashing and squishing.

Grades 1 and 2

This is another delicious way to learn about the solar system. The composition of food must be understood to be a good food scientist.

Science for Kids: Food Chain and Web

This is why when you have a cold or you are sick foods often taste different. A complete revision of HACCP is outlined, accompanied by numerous examples of flow charts and applications, as well as major additions on food labeling.

Food and Nutrition Teaching Worksheets

You will build your own calorimeter to capture the energy released by burning a small food item, like a nut or a piece of popcorn.
