The Idea of the Catholic University

Supporters claim that academic institutions need to fairly represent all possible explanations for the observed on Earth, rather than implying no alternatives to evolutionary theory exist.

Academic freedom

According to this era marked,. *Lehrfreiheit* embraces the right of professors to determine the content of their lectures and to publish the results of their research without prior approval.

Measure Academic Freedom & Intellectual Diversity

The revision of the 1923-treatise also documents something else: the gratitude the German Universities owed to the Allies for the academic freedom they were granted — freedom of research and freedom of academic teaching.

The Idea of Academic Freedom, Explained by Stone and Forrest*

Academic Vice-President Georgetown University Washington, D. Neither inconvenience, irritation, disputation between colleagues, nor the embarrassment of university partners is justification enough.

Measure Academic Freedom & Intellectual Diversity

The following statement attempts to call attention to some of these characteristics which seem particularly relevant to the current problems facing the Catholic universities of the world and more especially of the United States and Canada. Still, this risk presupposes the limitation of the democratic principle.

What Kind of Academic Freedom and for Whom? Karl Jaspers' Idea of the University

The simple truth is if there is no academic freedom there are no academics except as stated in the book *Extraordinary Popular Delusions and the*

Madness of Crowds. In an interview the vice- chancellor stated that while academics were free to speak to the press they should not compromise university policy or government policy. The evolving nature of the Catholic university will necessitate basic reorganizations of structure in order not only to achieve a greater internal cooperation and participation, but also to share the responsibility of direction more broadly and to enlist wider support.

Freedom, Hate Speech, and the Idea of a by Rodney A. Smolla

This is common law going back centuries. Society has to risk truth and academic exchange — just as the researcher herself does. The bills were based largely upon language drafted by the , the hub of the , and derive from language originally drafted for the in the.
