Motorhomes For Sale

There was a considerable amount of engineering and manufacturing expertise needed to get the correct electrical insulation for the military application that Packard Electric was able to provide for the war effort.

Motorhomes For Sale

The exception to the above was the 29-foot 8.

General Motors Engine Connectors and Pigtails

See Packard Electrical Division page for information. The Ohio Museum of Transportation. A few transit systems are still operating them to this day including in , nearly 60 years after introduction and more than 30 years after mass production ended.

Giant GM bus from the '50s sells for \$4 million

General Motors would groom him to become president of National City lines. At the direction of O'Connor or a subordinate, the checks with which the cars were repurchased were made payable to an attorney acting jointly for the three defendant associations.

General Motors Engine Connectors and Pigtails

With a newer front to allow a wider entrance and older body, these buses, which were model TA60-102N for Transit Articulated 60 feet long × 102 inches wide No air-conditioning , were a transitional model. Fisher Body-Ternstedt Division: This shows up for the first time in the 1945 GM annual report as a distinct division.

A History of the GM/MCI/Nova Buses

More can be learned looking at the individual divisions. Narrator: The Justice Department would spend the next 25 years trying to limit GM's influence on transportation. In fact, the director of operations came from a GM subsidiary, Yellow Coach, and members of the Board of Directors came from Greyhound, which was founded and controlled by General Motors.

A History of the GM/MCI/Nova Buses

As the largest depositor in the nation's leading banks, GM also enjoyed financial leverage over the electric railways, which relied heavily on these banks to supply their capital needs.

United States v. General Motors Corp. :: 384 U.S. 127 (1966) :: Justia US Supreme Court Center

At the latter product life cycle stages, the company is supposed to at least make a modification of its marketing strategy a factor on which the Old General Motors failed. When no help was forthcoming, Owen Keown, a director of Losor, took matters into his own hands. These brief meetings were wholly successful in obtaining from each dealer his agreement to abandon the practices in question.
