Study Guide

As far as the third icon above the open book is concerned, you must bear in mind that the reading of certain cases judgments forms part of your studies.

Criminal Law

This is, after all, what happens if a court imposes a sentence which it wishes to operate as a deterrent to others. Consists of hundreds of questions testing your knowledge of the various subjects.

Not to punish crime is to condone it, or even worse, to arouse a perception that the legal order is a party to its commission. A serious warning, though: do not think that because these topics are not discussed in the study guide, you can afford to ignore them ie, not study them from the prescribed book.

X drinks heavily during the visit. Our products are always available in whatever format our readers need.

criminal law study guide

There would then be no relationship between what happens to such a sick person" and the commission of a crime. It also includes background

information and statements of law to demonstrate how these cases relate to the relevant law. If all the emphasis were on prevention the best thing to do would be to imprison for life each thief who took even the smallest article.
