HASSAM Introduction Popular tradition has it that the munajat, Ya Ali Khuba Mijalas, was first recited during the enthronement ceremony of the 48th Imam, Mawlana Sultan Mahomed Shah, His Highness the Aga Khan III November 2, 1877 — July 11, 1957, which took place at Aga Hall at Mazagon Road in Mumbai in September 1885. They prostrate and they offer nazrana homage devoting their lives to you. Photo: The Ismaili The complete munajat has eight stanzas of four lines each, the c hopai.

I seek refuge in Allah(swt) from the accursed Shaitan

He therefore attempted to convince him with his own premises and beliefs so that there could be no scope for interpretation or for confusing the matter, in fact Mu'awiyah's real aim was to prolong the matter so that at some point his own authority might get support. That is why when he held this election to be invalid and refused allegiance, Amir al-mu'minin pointed out to him the recognized way of election and demolished his argument.

The Quran: Sūra III.: Āl

Ya Ali Khuba Mijalas By SADRUDIN K. If they agree on an individual and take him to be Caliph it will be deemed to mean Allah's pleasure.
