## Food environments and obesity—neighbourhood or nation?

Noteworthy sent a number of inquiries to private providers in the Dublin region to find out how much it would cost per hour for home care for an older person. The government should, however, develop concrete plans to tackle these remaining barriers over time by adopting measures, in line with national resources and international financial support, to ensure more adolescents access a barrier-free secondary education. Can we read anything into the tales and the traditions about national events? Many of the political issues at the local level might be better understood if the social and economic background was carefully studied.

## Food environments and obesity—neighbourhood or nation?

The memoirs often give a useful picture of the state of law and order in the pre-Famine period, some analysing the cases coming before the local and the assize courts for the previous 5 or 6 years.
