I love it and have cited it over 50 times, at least, in my first chapter. This book presents a pictorial record of her life, work and writings over 40 years, from her childhood years to her first marriage to the sculptor John Skeaping and her second marriage to Ben Nicholson; and from figuration through geometric and organic abstraction to the internationally acclaimed grandeur of her large-scale, post-war work. Her work exemplifies Modernism and in particular modern sculpture.
