## Land, Poverty and Livelihoods in an Era of Globalization : A. Haroon Akram

It looks at the RNFE in light of the factors driving income growth and inequality, i. Making land work for the losers: Policy responses to the urbanisation of rural livelihoods. While it must be acknowledged that the debate about LR also includes institutional economics or livelihood economics, a further inquiry thereof is beyond the scope of this essay Cousins et al.

Determinants of migration and household member arrangement among poor rural households in China: The case of North Jiangsu.

## Rural non

Aging population, farm succession, and farmland usage: Evidence from rural China.

**Dr. A Haroon Akram**

The book provides a critical analysis of the extent to which rural development trajectories have in the past and are now promoting a change in rural

production processes, the accumulation of rural resources, and shifts in rural politics, and the implications of such trajectories for peasant livelihoods and rural workers in an era of globalization. This, in turn, has had ramifications for the production and reproduction of poverty in the countryside, which is becoming progressively de-linked from agricultural resources.
