## Inner Ocean Sessions // Warehouse Collection

After the original package in 1999, all membership packages included an exclusive Warehouse CD. The annual exclusive music and photo will be downloadable only.

## Warehouse (Dave Matthews Band)

An exclusive photograph will be posted on the Warehouse website for download. Most of these collections offer little care in the way of packaging: ugly cover art; minimal, if any, liner notes; and little, if any, information on the songs themselves.

## Warehouse: Songs And Stories

A version containing only the first five tracks was included in the deluxe version of the album.

## Warehouse Revival

This is that kind of track for me.

## Warehouse Memories

Members that joined the Warehouse in 2005 and have renewed consecutively for 15 years will also receive a commemorative ticket album. It is a breathtaking canvas of rainbow slam pop and lyric liberation that eclipses nearly everything else in Eighties postpunk rock, here or abroad, and an embarrassment to superstar acts that strut down from the mountaintop with their stone tablets every two or three years.

## **Warehouse: Songs and Stories**

Largely written in a notorious punk house that was torn down to build a parking garage, the album was finished in a new environment: across from a food mart called super low. Membership packages are mailed to members that joined or renewed in that year. The band dissolved following the tour in support of its release, in part due to disagreements between songwriters and over the latter's drug use.

## **Imagination Movers: In a Big Warehouse**

The annual 8x10 photo was taken by Rodrigo Simas at TD Garden on 12. Inner Ocean Sessions is an artist residency series started in 2019, to bring artists to the Inner Ocean HQ in Calgary, AB, to collaborate and create music. Hüsker Dü also performed 'Could You Be the One?' Seniority now only applies to the ticket allotment of some concerts, and not others.
