## Feminist Thought & Activism Conference

Feminist theorists, especially those considered to be liberal feminists, began looking at issues of equality in education and employment. Consequently, this entry will follow a roughly chronological order. One of the reasons for this is that many of the people who self-identify as trans or as transgender identify as men or women and therefore in one way place themselves within traditional binary categories.

## “Marginalization” in third world feminism: its problematics and theoretical reconfiguration

There will be four breakout sessions to attend during the conference. In this way, her work is highly congenial to transgender theory and politics.
