Even if with reason Fodor might argue that he is no Creationist, his position is grist for their mill. The ancient human civilizations gradually developed by the conserving and handing on of the knowledge and practices which had proved themselves in the past.

Harry Prosch, The Genesis of Twentieth Century Philosophy

Western civilization : beyond boundaries 7th ed. Upon the prairie they had placed an icon, a headless figure with horns protruding from the body, a figure that Vizcaino predictably described as a demon.

Genesis Twentieth Century Philosophy Evolution Thought by Harry Prosch

The period of time which witnessed the divergence of these hominoid or human species from the various species of anthropoid apes may take us back from ten to twenty-five million years.

Western culture

All great cultures of the past perished only because the originally creative race died out from blood poisoning.
