**Barenreiter**

Read a book set in the 1920s called with Christian Slater from Storyline Online! Watch videos, download books to read together, and explore things to do with BookSpring.

**Barenreiter**

Evidence suggests that cannabis was grown by humans for , which makes it one of the oldest cultivated crops in the entire history of mankind.

**History of Marijuana: An All**

One can listen to the pieces unaccompanied or accompanied by various instruments harpsichord, piano, lute, viola da gamba, percussion and in various tempos. Different kinds of marijuana were needed and used in old China, and the first uncovered records of the use of cannabis for medicinal purposes dates around to 4000 B. Fast forward to 1970, The Controlled Substances Act placed cannabis as a Schedule 1 drug, beside heroin and LSD.

**Journey Through the Ages**

On the other side of the world, once the Spanish brought the herb with them to the New World at the start of the 16th century, it slowly began to spread throughout the continent.
