What percentage is federal excise tax? Aviation gasoline and turbine fuel will not be affected. Herdman, Roger, Maria Hewitt, and Mary Laschober.

Alcohol & Tobacco Policy Bulletins

Overall, the combined real value of federal and state taxes amounts to 88% of what they were in 1955. As a result, some smokers have switched from cigarettes to cheaper, fine-cut roll-your-own tobacco products. The lower affordability of cigarettes in the 1980s corresponds with a decline in consumption.
