Financial Management Theory & Practice (with Thomson ONE

Didn't really love this book, mostly because it wasn't relevant due to the professor's teaching style and content. Some researchers tried to predict small enterprise failure to mitigate the collapse of small businesses.

Financial Management: Theory and Practice (15th Edition)

He has co-authored or authored ten textbooks on managerial economics and managerial finance that are used at more than 1,000 universities in the United States and have been translated into 11 languages around the world. This means that the paper's jargon level to most readers will remain high, even after the authors' attempts to minimize it.
