Supernatural mystery, even though most of the time the supernatural turns out to not be at play This is here big time, but not until later, and for a pleasant change there actually is something semi-supernatural involved as the villains and motives are uncovered. It has all the ingredients for a lovely Gothic-romance, which just happens to be my favorite! Overall Black Maddie is a fun, decent Gothic novel. This one was published in 1992, which makes it about 20 years too late for the gothic heyday, but still contains all the elements of those pulpy oldies.

## Dog for adoption

What in the good fuck was this? Miss Rathbone was the third girl to try to trap him into marriage, and the Season was barely underway.

## Dog for adoption

If you are interested in Maddie please fill out an application today! Never giving a spoiler, either; you need to ride this ride to get your own damn thrill-joy, etc. Long ago the first lady of the castle had laid a curse on anyone who dared to leave Blackmaddie, and it was that curse that frightened Charlotte now. For there was one who would do anything to keep Blackmaddie and protect her.

**spaceneb.us.to: Blackmaddie (9780727840820): Summers, Rowena: Books**

Rathbone's mouth dangled open briefly. This book is a gothic romance heavy on the romance with a completely ridiculous, over-the-top plot. Maddie is spayed, micro-chipped, and UTD on her shots.
