## UP: Private Locomotives

Navy, and 51 0-6-0's for the Army. It was an eBay purchase and although it cost me USD150 to buy and ship to England I felt it was worthwhile to get the original pages to scan.

## Railway Service Contractors

Such a man is well worth the highest wages. Each of our foremen, superintendents, and area managers are continuously held accountable for routinely performing many safety tasks to ensure the fundamental ingredient for the success of any safety program: INVOLVEMENT. Our available freight car components include, but are not limited to: freight car wheels, axles, bearings, bolsters, side frames, couplers, yokes, brake beams, draft gears and single car test devices.
