For certain groups, corporations perhaps, it may well make sense to say that while there is plenty of individual responsibility, positional and personal, to go around, there may be responsibility properly attributed to the collective itself of course punishment for distinctively moral wrongdoing is a more complicated matter.

**Raimo Tuomela, The Philosophy of Sociality: The Shared Point of View**

Like his previous work, The Philosophy of Sociality is written with extraordinary analytic rigor.

**The Philosophy of Sociality: The Shared Point of View by Raimo Tuomela**

This contrast in mode generates a contrast between we-mode and I-mode groups. The book presents a theory of shared intentions and the group actions and social institutions they make possible; it clarifies concepts essential in ethics and political philosophy--intention, cooperation, shared responsibility, the nature of institutions, and many others--and it is informed throughout by his extensive work in action theory and the philosophy of social science.

**The Philosophy of Sociality: The Shared Point of View**

It quickly established itself as one of the characteristic journals of philosophy within the analytic tradition, with a distinctive style that has been maintained to the present day. This is consistent with his account of collective action. .

Tuomela's The Philosophy of Sociality will be essential reading in the philosophy of social sciences and economics, as well as in many adjacent fields. The position having most in common with Tuomela's in this regard is Searle's 1995. As there is a functional difference between the two indicating a difference in kind between the two modes, there can be no reduction of the we-mode to the I-mode.

Tuomela divides his text into two parts.

. . It also allows us to distinguish Tuomela's account from those of theorists who take certain social notions to be primitive Gilbert 1989, 2000 and those who take social notions like collective intentionality to be no more than aggregations or summations of individual intentions, desires, actions, and beliefs Quinton 1975.
