Conversely, the molecular structure of compound 4 contains two distorted square-pyramidal CuII centers coordinated by two squarates, one dpa ligand, and one water molecule. Moreover, both complexes show step-wise magnetization, indicating the occurrence of quantum tunneling of magnetization QTM. We suggest you confirm the identities of any individuals or entities located in the database based on addresses or other identifiable information.

## Tsai, Hsien

His works have been collected by the Peabody Essex Museum, United States; Hong Kong Museum of Art; University Museum and Art Gallery, University of Hong Kong; the Chinese University of Hong Kong to name a few. Intra- and intermolecular hydrogen bonds between squarate, water, and dpa ligands, as well as the  $\pi$ - $\pi$  stacking interaction of the pyridyl ring in the dpa ligands, provide extra forces to stabilize the extended network. Related Story Ms Ho had been dragged into the dispute between her husband and his siblings over the late Mr Lee's Oxley Road house, after Mr Lee Hsien Yang charged that she had taken their father's belongings without permission.

Our fifth action is to continue nurturing and encouraging research talent in the law of the sea, so as to reinforce Taiwan's capacity to respond to international legal issues. The fourth is to strengthen humanitarian response. Looking to the future, Taiwan will continue to safeguard freedom of navigation and overflight in the South China Sea, based on the values of peace, humanitarianism, ecology, and sustainability.
