**Observation, Documentation, and Reflection**

However, these issues can also apply to informal settings. Reason 4: Most people dislike being disturbed when they are resting or sleeping.

### Conversations with Children! Questions that Spark Conversations and Deepen Understanding

He knows that his emotions and feelings are important to you. If they call the dog from far away and the dog chooses to get up and come over to the child, this type of interaction is okay.

### Conversations with Children! Questions that Spark Conversations and Deepen Understanding

Soon, you hear your son crying. Our nonverbal language can often say a lot more than our actual choice of words! Reflection, also called reflective practice, helps you to consider your caregiving practices and develop greater self-awareness so you can be more sensitive and responsive with children. Language Arts Journal of Michigan, 2001, 17 2 , pp.

### Good communication with children: tips

Each type of documentation captures a snapshot of the child in a certain way, and using more than one method of observation may help you create a more complete picture of each infant and toddler in your care California Department of Education, 2012.

### Learning to Listen

This may be driven by the education level and training of the provider, as well as the overall quality of the non-parental care.

### The Value of Listening in the Classroom: How to Teach Your Students Active Listening

These programs are fun and usually are meant for kids and parents to attend together. .

### **Improving your child's listening skills**

Audio stories, songs, and listening games such as environmental sounds will all help your children to develop listening skills.

### **Factors in Child**

Oxytocin levels increase when mothers engage in affectionate play with their infant and when fathers engage in stimulatory play with their infants 4. Myers nor any of the editors, columnists or authors take responsibility for any possible consequences from any action taken which results from reading or following the information contained in this information. Partner with child-care providers to ensure that services received are coordinated and complementary.
