### Tomimoto Kenkichi and the discourse of modern

In Indonesia, although there were eventual plans for monolingual Japanese education, the local authorities temporarily allowed schools to teach Japanese in Malay and other local languages. Tomimoto did not work in the medium of earthenware except for his early Raku ceramics.

### The Social and Political Impacts of Income Distribution: The Japanese Experience

Raising nations and increasing state power will lead to the enhancement of national glory with the national flag secured.

### National and colonial language discourses in Japan and its colonies, 1868

In addition, in this period, Ayukawa also bought a copy of Shi to shiron issue no. His shasei exercises in Ando-mura were to him the most direct ways to encounter nature and source original images. Through these works, Yamashita has allowed us to hear the forgotten voices of ordinary Japanese on the home front.

### Ishii Shūdō's Contributions to Dōgen Studies Examining Chinese Influences on the Kana and Kanbun Texts

The man is now at the University Hospital and is not expected to live.

### Ishii Shūdō's Contributions to Dōgen Studies Examining Chinese Influences on the Kana and Kanbun Texts

I consider the variety of pedagogical systems that encouraged Tomimoto to approach ceramics as an art medium for personal expression, beginning with the role his father played in instilling an interest in literati culture and continuing through his rejection of the pedagogical practice of copying and lineal systems of skills transference.

The dissemination of new movements was partly attributed to the international mobility of people made possible by the development of transportation systems. On one hand, these experiences would have been for Tomimoto like traveling back in time to a lost Japan. Central School of Arts and Crafts After settling into London, Tomimoto enrolled in an evening course at the Central School of Arts and Crafts, also known as the London County Council School, in March of 1909.
