### Sample Portfolios

He still would tease us all, laughing for example about how my family was a real-life example of genetic similarities between siblings we all look alike...it can be a little scary.

### Sample Portfolios

I have chosen to reflect on the work of Vygotsky because his ideas and theory regarding the zone of proximal development ZPD have really resonated with me. I think, as well, that some assessments should not be for grades, but perhaps we could provide credit for completing them to encourage cooperation. A PDF document also retains formatting, so you can be sure the potential employer is seeing all your carefully chosen fonts and well-placed photographs or graphics.

### Teaching Portfolios

I will set the proper tone at the beginning of the year by including students in creating an outline of acceptable academic and classroom behavior. What about those students who knew the material and write well, but not in a test environment? Next, I designed assignments and rubrics with these learning objectives in mind.
