**Oto no Naru Hō e by Goose house LRC [03:36.22]**

Thank your translator when your request is fulfilled! Like a drop, I fell and dissolved  
Whisper of mind leads me All is somnolence in this realm  
eternally Eyes perceive wondrous labyrinth of calm water veins I drown into liquid darkness of froth and stagnation  
Like a drop, I fell and dissolved  
Whisper of mind leads me All is somnolence in this realm everlastingly  
The subterranean space where silence dwells It gradually extinguishes my perceptions.

You're welcome to also request a review of your own work if you're unsure, and please report any malicious translations. All is somnolence in this realm  
Tempted by a voice from yonder I descend a spiral staircase at the end of a corridor  
Where chill and mist intertwine As I penetrate deeper and deeper  
Into the subterranean space where silence dwells It gradually extinguishes my perceptions  
Sudden blaze of glaucous light melts away surrounding darkness  
My once forgotten memories are chiselled upon my body  
Chill and mist; Subterranean space Silence Gradually, Gradually, Gradually.
