Women could now choose to divorce their husbands in order to lead openly lesbian or bisexual lives; increasingly, however, these women were confronted by hostile state discrimination, typically in legal battles over child custody. .

9780231074896: Odd Girls and Twilight Lovers: A History of Lesbian Life in Twentieth

At a PTA training conference in San Francisco, Barbara met Pearl, another PTA president who also had two children and happened to live only a few blocks away from her. As has been discussed in the last two chapters, not only had many women learned about love between women during the war and come together in big cities, but also powerful creators of social definitions in the 1950s such as medical men and political leaders now declared with unprecedented vehemence that those who could love others of the same.
