An excellent response to those who insanely think poverty is not really a problem in our affluent society, that it could never happen to them, or think poverty is the consequence of individual personal failures and that the poor should be left to sink or swim on their own.

50 Years Later: Poverty and The Other America

The downtown powers of American cities—the mayors, businessmen, and civic leaders—thought public housing would kill two birds with one stone: clear the awful-looking slums and provide upwardly mobile African Americans with a new lot in life.

For Martin Luther King Jr., Nonviolent Protest Never Meant ‘Wait and See’

What kind of mistakes do DNC chairs make, of the kind that you tried to avert during your tenure? That most Americans actually agree that the wealthier amongst us should be paying their fair share in taxes shows that politicians are not representing the majority but a tiny minority who hold vast amounts of money and thus power. And on the theory that the poor are likely to harbor criminal tendencies, applicants for safety-net programs are increasingly subjected to fingerprinting and computerized warrant searches. The and the war on poverty Within a few months of becoming president, Johnson announced plans for a sweeping legislative program to guarantee , improve public education and health care, and protect the environment.
