Designers Many architects and designers work in isolation, without the input from experts in the trades. The country is a high-quality leather supplier to the global market.

## Cottage industry

Builders Our hands-on and decades long construction experience is complimented with focus, integrity, and a personal touch. Cottage industries developed in cities around 1870, resulting in the harsh tenement housing system.

## Cottage Industries

Monika November 16, 2011 I'm a knitter, and I've noticed several examples of knitting supplies made in a cottage industry, but kind of with a twist.

## Cottage Industries Association

Psychic Services Increased citywide regulations will likely be introduced during the next five years, which will result in industry consolidation. Many of these homepreneurs may already be credit union members, and may lack access to another lending institution for credit to expand their business.
