The moon changes four times in twenty-eight days ; 7 is the number of colors of the spectroscope ; there are 7 notes in the musical scale ; 7 comes out in nearly all physiological conditions, in the functions of illness and health ; 7 is the number classified, arranged, and studied by the most ancient philosophers in the oldest times ; therefore, it is by going back to these oldest sources that we are able to take up the number and study this number which they have put forward as standing at the back of this physical manifestation of ours. That is the Atma of the Hindus. Let our witnesses themselves confirm this statement by their own admissions.
